Joaquim HOMS: Piano Music

MARCO POLO

This third and final volume of the complete works for piano of the Catalan composer Joaquim Homs (Volumes 1 and 2 are available on Marco Polo 8.225099 and 8.225236) covers his entire career in its juxtaposition of delightful miniatures and works of a more advanced formal construction rooted in a free, flexible and totally personal use of atonality. There are pages from early and mature works, music for two and four hands, flashes of warmth and elements of deep bitterness, pieces which have won awards and others which have been awaiting their first performance.
