

ANDERS BRØDSGAARD (b. 1955) is a rare compositional talent and a strong, richly faceted voice in Danish musical life. His major one-movement orchestral work *Galaxy* is constructed as one long hypnotic spiral motion, taking place in a zone of weightlessness, in unpredictable patterns and soft collisions. Coupled with the extremely diverting *Monk's Mixtures* for small orchestra, *Galaxy* offers the full view of a composer who draws on his heritage and at the same time is constantly on his way towards new horizons.
