AMERICAN CLASSICS

The ballet *Dybbuk* was Bernstein's fourth and final collaboration with choreographer Jerome Robbins, written to celebrate the 25th anniversary of the state of Israel. The plot concerns a spirit that seeks to enter the body of a living person, and the battle between good and evil is represented musically by the conflict between atonality and tonality. Different in every respect is the symphonically-conceived ballet *Fancy Free*. It follows three sailors on shore leave in New York for 24 hours, and when it was premiered in 1944 it brought Bernstein his first major public success as a composer.
