The symphonies of Johann Baptist Vaňhal are among the most important works of the classical period. Bold and imaginative, powerful and lyrical, Vaňhal's symphonies are only now beginning to win wider recognition as the masterpieces they are. This recording features his early and highly prophetic *Symphony in E minor* as well as one of his later works, the brilliantly-scored *Symphony in C* (Bryan C17) which Haydn is known to have admired.

Johann Baptist
VAÑHAL (WANHAL)

(1739-1813)
