

## SOUTHERN TYROL • TICINO

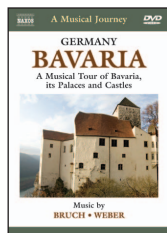

### The Places

Northern Italy has been ruled by various powers over the centuries. The Southern Tyrol, seen here, retains much of its Austrian past, with some regions predominantly German-speaking and others Italian. Scenes are shown of the Dolomites, the strangely shaped rock formations, a typical castle and mountain lakes. There are also views of the neighbouring Swiss-Italian canton of Ticino.

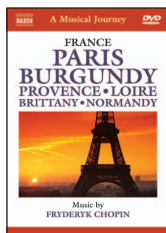

### The Music

Music for the tour is by Beethoven, with his *Violin Concerto*, written and first performed in Vienna, and one of his two *Romances* for solo violin and orchestra, independent pieces perhaps intended as slow movements for another concerto that was never completed.
