NAXOS

Weber's 'great heroic-romantic' opera *Euryanthe* premiered in Vienna in 1823. It concerns the wronged Euryanthe, victim of a plot to establish her unfaithfulness, but her love imbues her with colossal strength which Weber characterises with acute psychological insight. Through-composed and dispensing with spoken dialogue, its chivalric plot provides opportunities for a series of arias, ariosos, duets, cavatinas and choruses that contain some of his greatest operatic music. This production employs the opera's original version with a few, very minor cuts.
