Sibelius ranks as one of the most important and strikingly original symphonic composers of the twentieth century. His *Violin Concerto*, a wonderful synthesis of technical brilliance and poignant, deeply-felt melody, is one of the greatest concertos in the repertoire. It is coupled on this disc with the rarely recorded *Violin Concerto No. 1*, by Christian Sinding, widely remembered as the composer of *The Rustle of Spring*. Written within the German late Romantic tradition, the Concerto exudes cheerful ebullience and lyrical charm, a world away from the mysterious, haunting, desolate yet beautiful Scandinavia of Sibelius.
