

a bridge of dreams

a cappella music from the Pacific Rim

Lou Harrison • Anne Boyd • Ross Edwards • Jack Body • Liu Sola

Scintillating vocal music from the Pacific Rim featuring composers and poets from China, Japan, California, New Zealand, and Australia ... and one ancient Anglo-Saxon Seafarer. Unusual and lovely music sung by the Grammy-winning vocal ensemble, Ars Nova Copenhagen, under their conductor Paul Hillier, and with early harp virtuoso Andrew Lawrence-King.
