

# Vagn Holmboe **Concertos**

Norrköping Symphony Orchestra, Dima Slobodeniouk  
Erik Heide, Lars Anders Tomter

**Vagn Holmboe's** solo concertos for violin and viola are works that combine the composer's own purist Nordic style with a huge declaration of love for the wild, dancing eastern European folk music that captivated him throughout his life. These premiere recordings by some of Scandinavia's strongest string soloists – Norwegian **Lars Anders Tomter** and Swedish **Erik Heide** fronting the **Norrköping Symphony Orchestra** under **Dima Slobodeniouk** – are joined by Holmboe's Concerto for Orchestra, which has never been performed before.
