Perhaps no music evokes a location as clearly as the tropical rhythms of island music – whether it be party Calypso, French Haitian love songs, limbo rock, or this collection of ballads from the Bahamas. Native singer André Toussaint transforms folk favorites and well-known standards into a special blend of smooth and soothing Caribbean song. Reflecting the diverse traditions of the islands, this collection contains Spanish, Italian, French and Haitian melodies. Newly restored and remastered, you'll find Toussaint's golden voice transports you to sandy beaches and invites you to enjoy the best of the Bahamas.
