

The piano is PER NØRGÅRD's (born 1932) work instrument so naturally piano music has formed part of his creative oeuvre over the past half century. This CD is dedicated to the shorter of Nørgård's piano compositions. It introduces us to an alternative version of the animal carnival with a tango-dancing turtle, a reinterpretation of The Beatles' blackbird, and a spider's web – a mystical crystallisation of interconnected threads.
