Works for Orchestra

BBC Symphony Orchestra

Thomas Dausgaard, conductor

The concept of musical meetings – in Italian “incontri” – is a common denominator in the three orchestral pieces by **Pelle Gudmundsen-Holmgreen** (b. 1932) on this CD, recorded in the presence of the composer by the **BBC Symphony Orchestra** and conductor **Thomas Dausgaard**. The fantastic hallucinogenic landscape of the title work, presented here in a live recording from the BBC Proms 2012, meets the pulsating irony of the two modern classics *Symphony*, *Antiphony* and *Mirror II* – all three works reflecting the composer’s lifelong fascination with the absurd.
