

For her second volume of Kuhlau's piano music, Marie-Luise Bodendorff takes the three previously unrecorded rondos, Op. 1, as her starting point, some of his most charming and distinctive music. She continues with the composer's six sonatinas, Op. 55, which remain popular with pianists today. In the *Fantasy on Swedish songs*, Op. 93, Bodendorff displays all the craftsmanship, elegance and kindness of Kuhlau's piano music.
