

JØRGEN PLAETNER (1930-2002) was a pioneer of electronic music in Denmark. He created most of his 57 electronic works in the period 1960-74, but his œuvre also includes works for orchestra and ensembles, piano sonatas and works for children and young people. The eight works featured on this CD are milestones in Jørgen Plaetner's output as well as in early Danish electronic music.
