ERIK BACH (b. 1946) is a composer with the whole of music history in his backbone. With inspiration from the Postmodernism of the seventies he has composed over 70 works – many in an easily accessible and highly tasteful style. The three orchestral works on this CD make up a characteristic representative of Erik Bach's compositional style. Each of the works relies fully on the quotation of well known classical pieces that are intertwined with the composers own original ideas.
