

FINN SAVERY (b. 1933) is a versatile musician and composer. Throughout his career he has been active as a performing jazz pianist and classical composer. He has an undogmatic attitude to musical styles and composes in a wide area ranging through tonal tradition, European modernism, folk, popular, jazz and rock. This CD features Finn Savery's chamber music which contains the most concentrated expressions of his artistic personality, the suppleness and humour as well as his artistic ingenuity and lyrical sensitivity.
