OLE BUCK

SINFONIETTA WORKS

ATHELAS SINFONIETTA COPENHAGEN

JESPER NORDIN, conductor

The music of **Ole Buck** (b. 1945) is simple and beauty-seeking, sophisticated and surprising on its own terms. In some works he will make do with as few as five notes, but the composer's incomparable sense of timing ensures that the listener never feels the need for more. This album presents premiere recordings of four of Buck's works, of which three are inspired by nature: *Fiori di ghiaccio* ('Ice Flowers'), *A Tree* and *Flower Ornament Music* – all recorded by **Athelas Sinfonietta Copenhagen** and conductor **Jesper Nordin**.
