The *Hiawatha* trilogy, with its stirring overture, established Coleridge-Taylor as one of Britain's leading young composers and stimulated commissions in a wide variety of music. The *Othello Suite* was written for a stage production of the play, its powerful and contrasting themes illustrating the composer's prowess in characterisation. Redolent of popular ballads and romances, the *Petite Suite de Concert* is a masterpiece of light music, while the charming *Romance of the Prairie Lilies* shows Coleridge-Taylor's lasting influence on future generations of British composers.

# Samuel COLERIDGE-TAYLOR

(1875–1912)

- |  |              |   |              |
