

If you are searching for a Christmas Family CD that is not the usual fare, then this is the one for you. Naxos Family Classics has compiled selections from some of our favorite holiday CD's into a festive and fun disc for the entire family. It not only includes sing-alongs for your children, such as "Jingle Bells" and "Up on the Housetop," it also features new and exciting arrangements of some traditional carols like "Deck the Halls" and "Angels we have heard on High." This compilation gives you variety you will not find on any other Christmas CD, as it takes the best of the best and combines them to offer you the perfect way to celebrate the season.

Happy Holidays!

*Karen L. Deal, Conductor
& Compilation Producer*
