

"All in all, this *Don Giovanni* is a big plume in Naxos's already feather-filled cap."
(Raymond Tuttle, Classical.net)

Mozart's opera *Don Giovanni*, a work of his maturity, retells the story of Don Juan, the famous seducer of women. In this extraordinary 'dramma giocoso', Mozart brings together ingredients from different operatic traditions – from the comedy of *opera buffa* to the formalised elements of *opera seria*. *Don Giovanni*'s musical riches are many, and this collection of highlights includes perfect musical depictions of Anna's outrage, Ottavio's tenderness, Elvira's desolation, Masetto's animal rage, and Zerlina's artful feminine wiles. A recording of the complete opera with these artists is available on Naxos 8.660080-82.
