

Much admired today as a pioneer of film music, Erich Korngold was a precociously talented composer of concert and chamber music, opera and stage works, as his *Schauspiel Overture*, written when he was only fourteen, shows. The phenomenal success of his *Violin Concerto*, an ultra-romantic masterpiece drawing themes from his scores for the films *Another Dawn*, *Anthony Adverse* and *The Prince and the Pauper*, has overshadowed much of his other music, though his *Much Ado About Nothing Suite* has remained popular for its expressivity, humour and robust good spirits.
