

Wallace was, from his youth, steeped in Irish and Scottish traditional music. In 1848, five years after his brilliant successes in New York as a virtuoso pianist, he published his first set of arrangements, others following almost to the year of his death. In these ingenious and lovely works, written for the burgeoning domestic market, he avoids sentimentality, concentrating instead on warmth, wit, a touch of self-quotation, and brilliance. Rosemary Tuck and Richard Bonyngne are the world's leading interpreters of Wallace's music. Volume 1 is available on 8.572774.
