

Comprising professors and band directors, the Taiwan Wind Ensemble is a leading international exponent of the wind repertory, not least in its exciting series of commissions. On this disc it presents a selection of music of orchestrations and originals from around the world. There are a variety of overtures and evocative dances from Bach to Bernstein, as well as Alfred Reed's richly colorful *Armenian Dances*. They are complemented by Taiwanese composer Chia-Ying Chiang's mysterious and beautiful recent composition *A Chasing After The Wind*, which takes its title from *Ecclesiastes*.
