Volume 6 of this complete edition focusses in the main on Albéniz's richly varied, early salon style. It includes the dazzling Chopin influenced *Vals Champagne*, the *Estudio de concierto* which rivals Liszt for virtuosity, and the famous *Tango* from *España: Seis hojas de Álbum*, a set which conjures up Spain in its rhythms, harmonies and sense of drama. Written a year before the composer's death, *Yvonne en visite!* includes a humorous scene during a pupil's reluctant performance, while the *Marcha militar* is Albéniz's earliest work, composed at the age of eight.
