The third of this four-volume series unites distinguished composers of the older generation with some of the most promising voices in Spain today, amply justifying claims for a modern Spanish renaissance of the classical guitar. Performing works dedicated to and commissioned by himself, award-winning guitarist Adam Levin puts his flawless technique and gorgeous tone to the service of music whose soul and poetry are the unmistakable products of a common and illustrious ancestry. Volumes 1 and 2 are available on Naxos 8.573024 and 8.573409.
