

Ronaldo Miranda is a multi-award-winning Brazilian composer with works commissioned by leading artists and institutions. His music is regularly performed in prestigious venues in Brazil and around the world. Miranda's *Piano Concerto* is an exciting virtuoso blend of atonality alongside hints of Bartók, contrasting with the flowing scales and delicate patterns found in the *Concertino*. The prize-winning *Horizontes* is a symphonic poem that tells the story of Christopher Columbus's voyage to the New World, while *Variações Temporais (Beethoven Revisitado)* is an inventive set of variations on some of Beethoven's most famous motifs and themes.
