Victor Hugo's 1830 stage drama *Hernani* won overwhelming admiration, and over a decade later Verdi's attention was drawn to it as an operatic vehicle that would give him opportunities for full dramatic unity. Its subject is the nobleman-turned-brigand Ernani who loves Elvira, herself the object of two other men's desires. *Ernani*'s success was immediate and it became Verdi's most popular opera until he composed *Il trovatore*. This production won critical acclaim, as did conductor James Conlon for his 'superb support of the singers and the flexible elasticity he brought to his tempi' (*Opera Traveller.com*).
