Boris Giltburg's *Beethoven 32* project started as a personal exploration, driven by curiosity and his strong love of the Beethoven sonatas. Reflecting the introspection that came with his later years, the final three sonatas are among Beethoven's most inspired compositions. In them he achieved ultimate freedom in moulding the sonata form, creating unique musical worlds suffused with transcendent beauty, dramatic tension and spirituality. These recordings display Giltburg's customary poetic sensibility and technical finesse and convey the electric atmosphere of the live recording. The complete series will also be available in a special 9-disc boxed set in the autumn of 2021.
