Richard Hickox

DDD

Chandos 20-bit Recording

The Chandos policy of being at the forefront of technology is now further advanced by the use of 20-bit recording. 20-bit has a dynamic range that is up to 24dB greater and up to 16 times the resolution of standard 16-bit recordings. These improvements now let you the listener enjoy more of the natural clarity and ambience of the 'Chandos sound'.
