PERCUSSION Seppo Asikainen Mats Nilsson TIMPANI Jan Huss HARP Lisa Viguier

PIANO SOLO Leif Segerstam

A co-production with SAMI

(Swedish Artists' and Musicians Interest Organisation)

July is one of the conductor-less orchestral fantasies that just had to be written down in 1995. (April, December, September and January came first...). The orchestral "happening" has 10 starts. The sign for these moments comes from the pianist who plays a solo part with an obligato character. It is tailor-made for a musical personality with a rich imagination and world of ideas.
