

Buryat language is included in the list of endangered languages in the world. With their music, the band NAMGAR contribute to the preservation of their native language by endorsing the beauty of the Buryat people's songs. Their aim is to save and promote traditional Buryat melodies by working with archives, collecting songs, and performing them both in their homeland and around the world.

In 2019, band members Evgeny Zolotarev and Namgar Lkhasaranova worked in the archives of St. Petersburg, Moscow and Ulan-Ude, Buryatia, collecting 100 forgotten traditional Buryat songs, four of which feature on this album.
