

LUCIANO BERIO (1925–2003)

COMPLETE PIANO WORKS

The piano was a constant presence throughout Berio's life, from the charming early *Petite Suite* to the compelling drama of the *Piano Sonata*, one of his last works. Berio's profound exploration of this instrument's timbres and possibilities is further in evidence in the Webern-like concision of *Cinque variazioni* and the famously virtuoso *Sequenza*. The obsessiveness of *rounds* and the deeply personal *Six Encores* complete a recording that marks the 20th anniversary of Berio's death in 2023.
