Read by **Kerry Shale**

The four Gospels are the source material for this sympathetic account of the life of Jesus, from the traditional story of his birth, to his death and resurrection. All the principal episodes are covered – the baptism, the Sermon on the Mount, the Last Supper, the trial, and the crucifixion – as well as portraits of the main characters in the story: Mary, Joseph, the Disciples, Mary Magdalene, Pontius Pilate and many others. With many famous parables also included, it is an invaluable introduction for younger listeners.

A companion disc to **Moses and other stories from the Old Testament**.
