The Strange Case of Dr Jekyll and Mr Hyde

Both a cracking tale of horror and a deeply audacious account of the human psyche, *The Strange Case of Dr Jekyll and Mr Hyde* has continued to thrill and fascinate since it was first published in 1886. Dr Jekyll wants to rid his soul of evil, and in doing so creates the monstrous alter ego Mr Hyde. As time goes on he slides increasingly into this other side of his personality until it finally takes over, with disastrous consequences.
