from James I and Guy Fawkes to Queen Victoria

Read by **Anna Bentinck** and **Daniel Philpott**

*Our Island Story* is a remarkable history book. It tells the history of Britain from its legendary beginnings to the end of the 19th century through the principal political personalities. This volume covers three centuries and is basically the account of two families, The Stuarts, from **James I** to **Charles II** and the Hanoverians, from **George I** to the death of **Queen Victoria**.

That period encompassed the Commonwealth, the loss of the American colonies, the Napoleonic Wars and the expansion of the British Empire. Among the featured stories are **Oliver Cromwell**, **the Fire of London**, **Nelson** and **Wellington**, **Florence Nightingale**, **Queen Victoria** and **Prince Albert**.

This is history at its most entertaining and engaging.
