18 Pieces for Orchestra

Famous for his role as the keyboard player in rock band Genesis and as a solo artist, Tony Banks was always fascinated by the idea of writing orchestral music. His success in composing for films led to the acclaimed *Seven – A Suite for Orchestra*. The intense orchestral sound pictures in *Seven*, *Six* and *Five* rank among some of Banks's most accomplished recordings marrying experimentation with form and structure, and a trademark melodic character that powerfully conveys both melancholy and joy.
