

Skärgårdsorgel

ARCHIPELAGO
THE MID EIGHTEENTH
CENTURY ORGAN OF UTÖ
played by

ROLAND FORSBERG
MADS KJERSGAARD | GÖSTA BERGLING

Sweden has a remarkable number of fine, old organs; one of them (built in 1745), in an island church way out in the archipelago of Stockholm, was recorded with the stunning DIDRIK microphones in May 1995. Listen – and rejoice!
