## EVERYONE, EVERYDAY

Everyday brings birthday  
Everyday brings a new day  
Everyday offers opportunity  
Everyday spells liberation  
Everyday... everyday

Children everywhere  
Children everywhere  
Son and daughter  
Mother and father  
Everyday...

Everyday's a new breath  
Everyday's a new dawn  
Everyday...

A birthday and a death  
A birthday and a day  
Everyday in every way  
Everyday in every way  
Every way to everyday  
Every way to everyday

Kiss and laughter, everyday  
Masters, Calmness, everyday  
A new breath and a new day  
Everyday... everyday

## EVENING FALS, MORNING RISES

For now it's been bedtime  
Everyday falls, morning rises  
Every new day will bring surprises  
We'll sing and dance and play  
A morning falls, morning rises  
Every day...

Dark and night and moonlight, tonight  
Everyday, every day, every day  
Just a moment, you're sleeping  
We're asleep and every day, you and I  
We're asleep, every day, you and I  
Everyday... everyday

## SIMPLE THINGS

What on earth is so hard?  
Picking one thing is as simple as things  
I don't mind if the song runs simple  
For the music runs simple, I'm sure  
All that I've been thinking is keeping me true  
I know, I know, that being simple  
Only little children and simple things  
What is the world to me, a confusion?  
It's so hard, only simple things  
I've been thinking of you and of you  
In the heat of time with the latest look  
But with you simple things, all it took  
Was to love, I know, that being simple  
Only little children and simple things

## LITTLE HEART

My, my is falling  
And you'll be looking at a child's feet  
I know you won't get it wrong  
But we won't let it fall apart  
Say your heart down by my hand  
Little heart...

What will the world would do, little heart?  
We'd like you, the parents' and  
But we're old, a gift  
But we'll be good to you, little heart  
You'll find loving hands  
That hold you tight from the heart

We met a tomorrow  
We're as good as you can't remember  
We're that far back, as we were  
And we're there, as we were, every day

I heard someone, I saw him in the rainy night  
like a child of light  
I heard someone, I saw him in the rainy night  
like a child of light  
I heard someone, I saw him in the rainy night  
like a child of light

And you know that there's a good reason  
You know that all the people love you  
Misty little world and perfect and warm  
The white dove comes to find its way  
until it found you  
No one will harm you

Look up children, look up little one

## UNDER MY BED

I couldn't sleep at all last night  
With the light on  
I couldn't sleep at all last night  
With the light on  
I couldn't sleep at all last night  
With the light on

There's something under my bed  
I can hear it in my head at night  
There's something under my bed  
I can hear it in my head at night  
There's something under my bed  
I can hear it in my head at night

In the morning light with you  
When all the little lights have and run  
I know they'll return when it's got late  
There's something under my bed  
I can hear it in my head at night  
There's something under my bed  
I can hear it in my head at night

## SAINT GEORGE AND THE DRAGON

Silver linings on clouds made of gold  
Don't know, I don't know, I don't know  
You're little heart  
You're little heart  
You're little heart  
You're little heart

Once I walked with the giants of old  
On the high path, David and Goliath  
When your little heart  
When your little heart  
When your little heart  
When your little heart

Now I walked with the giants of old  
On the high path, David and Goliath

## CHILDHOOD'S END

This heart is getting older  
There's nothing under my bed  
I can hear it in my head at night  
There's nothing under my bed  
I can hear it in my head at night  
There's nothing under my bed  
I can hear it in my head at night

Now I walked with the giants of old  
On the high path, David and Goliath  
When your little heart  
When your little heart  
When your little heart  
When your little heart

When your little heart  
When your little heart

Now I walked with the giants of old  
On the high path, David and Goliath  
When your little heart  
When your little heart  
When your little heart  
When your little heart

Now I walked with the giants of old  
On the high path, David and Goliath  
When your little heart  
When your little heart  
When your little heart  
When your little heart

Now I walked with the giants of old  
On the high path, David and Goliath  
When your little heart  
When your little heart  
When your little heart  
When your little heart

## FATHER TIME AND MOTHER NATURE

Father Time and Mother Nature  
constraining in the way that  
Little one and tiny daughter  
Try to make it, I'm sure you can  
If ever one and one were never two  
and all the stars in the universe began to shine  
You can look the world over and see  
but you can't find a thing without an answer

Imagination and imagination  
at the hand of little things  
Gather them on the ground  
Old Mr. Time and Mother Nature

And the king and queen are dressed in progress  
But the king and queen are dressed in progress  
But the king and queen are dressed in progress  
But the king and queen are dressed in progress

But the king and queen are dressed in progress  
But the king and queen are dressed in progress  
But the king and queen are dressed in progress  
But the king and queen are dressed in progress
