## EL VIAJE

This album is a passionate journey, a thoughtful, non-linear, full-of-energy trip through soundscapes. From hills, valleys and seas to the perceptions of the moods of the world itself, expressed through guitar chords, percussion and the always-vibrant voice of a violin. El Viaje. Walks along unknown paths and roads that are built as we travel them. Cities, oceans, Italian plains and Colombian jungle, pieces of earth and air that are caught in the musical atmospheres and are expressed in the form of sounds through their interpretation. A logbook, an eclectic compass that takes you where you want to go. El Viaje. Electronic rhythms blend with ancient songs. Sounds of the land and visions of the soundscapes.
