AMERICAN CLASSICS

John Adams is a composer whose works are shaped by the full breadth of American music, while being equally grounded in Classical and Romantic traditions that inform his sense of structure, harmony, and expressive line. Both *Short Ride in a Fast Machine* and *Road Movies* combine this aesthetic with a distinctive rhythmic drive that has made these some of his most enduring pieces, while *Roll Over Beethoven* demonstrates how far Adams has been able to move away from traditional minimalism. With the lyrical eloquence of arias from his stage works, and the “Satie meets Bill Evans” transparency of *I Still Play*, this program is a vivid reminder of what makes John Adams one of the most versatile and influential composers of our time.
