

## *Period Trumpets*

Among recordings of natural (valveless) trumpets, those by Niklas Eklund (Naxos 553531 & 553735) and Crispian Steele-Perkins (Sony 57365 & Hyperion 67359) are superb. The Friedemann Immer Trumpet Consort makes a very impressive sound (German Harmonia Mundi 77027), and the Edward Tarr Trumpet Ensemble plays stirring fanfares on 24 beautiful silver trumpets from the King of Portugal's royal trumpet corps (MDG 3243348).
