

Vagn Holmboe Chamber Music (I) **Ensemble MidtVest**

This CD marks the beginning of a new series devoted to previously unrecorded chamber works by the Danish composer Vagn Holmboe (1909-96). The music was written from the 1950s to the 1980s and ranges wide, all the way from the playful to the serious. Holmboe's inexhaustible wealth of ideas and his mixture of lightness and ingenuity run through all the works. As does his 'metamorphosis' technique, which makes the music breathe and grow like the Nordic landscape that he felt himself to be a part of.
