

This third disc in Naxos's Martucci Edition, comprising the complete orchestral works, continues with the *First Piano Concerto* which, while indebted to Chopin and Mendelssohn and prefiguring Rachmaninov, nonetheless has its own expressive immediacy. By turns sensuous and serene, nostalgic and intensely yearning, *The Song of Remembrance* is a rare example of a song cycle for voice and orchestra composed in nineteenth-century Italy. Volumes 1 and 2 of the Naxos Martucci Edition are available on 8.570929 and 8.570930.
