## PIANO SONATA NO. 2 VINTERDANSER NUANCES DE LUMIÈRE

Norwegian composer Svein Hundsnes has written a considerable number of works ranging from concertos to pieces for young musicians. His piano music is stylistically wide-ranging and occupies a significant place in his *oeuvre*. *Piano Sonata No. 2* exemplifies his practice of working from tiny core motifs as he makes a series of connections between each vivid movement. Syncopated rhythms animate *Vinterdanser* ('Winter Dances') – a sequence of round dances; whereas torches swirling in the air, a cradle song and clouds of illuminated water particles are magically evoked in *Nuances de Lumière* ('Shades of Light'). Finnish pianist Laura Mikkola, continues her critically acclaimed discovery, in this second volume of Hundsnes' piano works.
