H.P. LOVECRAFT

The Shadow Over Innsmouth and The Whisperer in Darkness

Read by **William Roberts**

The Shadow Over Innsmouth and *The Whisperer in Darkness* are counted amongst H.P. Lovecraft's most popular stories. In the first we are transported to the decrepit coastal town of Innsmouth, whose amphibian-like citizens betray a dark and sinister secret. The second takes us to Vermont, where a university professor becomes embroiled in a mind-bending, celestial mystery after strange things are seen floating in the rivers. Dark, brooding and suspenseful, this is Lovecraft at his very best.

William Roberts has appeared in *The Young Indiana Jones Chronicles*, *Navy Seals*, *Martin Chuzzlewit* and *A View to Kill*. He has also read *The Call of Cthulhu and Other Stories*, *At the Mountains of Madness* and *The Essential Edgar Allan Poe* for Naxos AudioBooks.
