

SHAKESPEARE

— CATALOGUE 2025 —

SHAKESPEARE, THE BARD OF AVON

William Shakespeare, the English poet, playwright and actor, is widely regarded as the greatest contributor to English literature and one of the world's greatest dramatists. Writing prolifically during the English Renaissance, his contribution to the English language still resonates today, witness the frequent references to his works in daily use around the world. While his plays might count as his most enduring legacy, his poetry also continues to be immensely popular. This catalogue details the different formats in which his output can be enjoyed, including audiobooks, audio albums and audiovisual products. The recordings are drawn from catalogues across the entire Naxos Music Group and feature a number of albums of works by composers who were inspired by Shakespeare's oeuvre.

SIGNIFICANTLY SHAKESPEARE

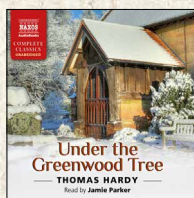

Shakespeare has influenced generations of writers, and even now over 400 years after his death, he continues to have an impact on contemporary plays, movies and poems. Here are a few examples from the Naxos AudioBooks catalogue of titles that are either directly or indirectly inspired by Shakespeare and his writings.
